1 Retraction note

The Editor-in-Chief has retracted this article [1] because it significantly overlaps with previously published articles [2, 3] and an article by another author that was simultaneously under consideration at another journal [4]. The article also shows evidence of authorship manipulation. In addition, the identity of the third author could not be verified: the University of Delaware have confirmed that Cochardo Peixoto-de-Büyükkurt has not been affiliated with their institution. The authors have not responded to any correspondence regarding this retraction.
